

## Homebrewers Festival in Warsaw: European participants wanted!

Dear Colleagues,

Having organized two very successful editions of the **Homebrewers Festival** in Warsaw, **PSPD (Polish Homebrewers Association)** is currently working on the third one to be held on **June 11th 2022**. Although relatively new, the festival has become one of the biggest European events dedicated entirely to homebrewing. During the last edition in 2019, 70 homebrewers treated almost 2,000 guests with their 270 beers – from classic through new wave styles to experimental batches with unusual ingredients.

This time **we are planning to invite also homebrewers from all over Europe** who are open to present their best beers to the festival audience and represent the beer scene of their countries. Therefore, we would like to **ask you for a recommendation of experienced, talented homebrewers who can be the representatives of your organization** at the Homebrewers Festival 2022. We have the capacity to provide **one stall per country, maximum two persons each**.

The homebrewers are expected to **present at least 3 batches of beer in various styles**, minimum 19 litres each, preferably in metal/PET kegs. They will be provided free of charge with:

- festival package: tickets, merchandise (T-shirt, tasting glass, etc.) and lunch vouchers
- accommodation in Warsaw (2 nights, June 10-12th)
- table and chairs for the stall (extra decorative elements, food samples, etc. can be brought by the homebrewers on their own)
- shared fridges for bottled beers
- technical assistance from PSPD volunteers
- networking dinner with all European homebrewers and PSPD team on Friday (June 10th)

The homebrewers will also be included in two festival polls (Best Beer, Best Stall Design) and, through the votes of the audience, **given a chance to compete for great prizes from our sponsors.**

We would be more than glad to host your representation at the festival and are looking forward to hearing from you. Please send us the names, contact details and short info about the recommended homebrewers **until January 16th 2022 on [fpd@pspd.org.pl](mailto:fpd@pspd.org.pl)** Should you have any questions, please feel free to e-mail us.

Here's how we did it in 2019: **[youtube.com/watch?v=Z9hmkf3tNcs](https://www.youtube.com/watch?v=Z9hmkf3tNcs)**
